General Policies and Procedures for Written and Practical Examinations:

Security Policies: Suspected security breaches during either the written or practical test administrations, such as an act of impersonation, creating a disturbance, giving or receiving unauthorized information or aiding other candidates, attempting to remove test information by any means, possessing prohibited materials or sharing supplies may be sufficient cause to dismiss you from the examination site or to invalidate or cancel your scores. Suspected breaches may be identified by observation or suspicion by the test center staff, or may be evidenced by subsequent statistical analysis of examination materials. PCS reserves the right to investigate each incident of misconduct and will report such incidents directly to the State Board. The State Board will make all final decisions on examination score invalidations or cancellations. No visitors, guests or children are allowed in the test center.

Copyrighted Exam Questions: All test questions are the express copyrighted property of NIC. It is forbidden under federal copyright law to copy, reproduce, record, distribute or display these test questions by any means, in whole or in part. Doing so may subject you to severe civil and criminal penalties, including prison incarceration and/or fined up to \$250,000 for criminal violations.

Prohibited Items: No food, beverages, notebooks, magazines, backpacks, briefcases, hats, caps, reference books or electronic devices such as cameras, walkmans, radios, tape players, portable fax machines, cellular telephones, calculator watches, reproduction equipment, beepers or pagers are permitted in the examination room. If any of the aforementioned items are found in a candidate's possession, the Test Center Administrator will collect the item until the end of the examination and provide a written report of the incident to the State Board and PCS. Smoking or the use of tobacco is strictly prohibited in the examination room. PCS is not responsible for any personal items brought into the examination site.

Environmental Distractions: Although every attempt is made to provide a quiet and comfortable test environment, noise and room temperature may be an unforeseen and unavoidable distraction. It is suggested that you wear the type of clothing that would allow you to adapt to a cooler or warmer climate at the testing site. LaserGrade will provide earplugs at the testing center if requested.

Emergency Policy: In the event of inclement weather or similar emergency, a scheduled examination may be canceled or delayed. However, this decision is made only in rare instances and at the discretion of PCS and/or LaserGrade. If a test center is open for testing, and you choose not to appear for your scheduled examination, your fee will be forfeited. You will have to reschedule your appointment and resubmit the appropriate fee to PCS. If you have reason to question whether or not a center will be closed due to an emergency, please call PCS to make inquiries regarding the practical examination and LaserGrade for inquiries regarding the written examination.

Refunds and Rescheduling Policies: You may reschedule for the written examination without losing your fee *if* you contact LaserGrade within three working days **prior** to your scheduled examination date. If you reschedule **after** the three-day window, you will forfeit your fee. Rescheduling is **not** permitted for the practical examination. Unless you are hospitalized or are involved in a traffic accident on the way to the test center that prevents you from arriving on time, refunds are **not** issued nor are fees transferable for either the written or the practical examinations. Documentation of the above-noted exceptions is required.

Score Information: When you complete the written examination, the computer will print out a "Pass" or "Fail" Score Report. If your score report does not print out because of technical problems, a score report will be provided to you within 24 hours after you test. For failing candidates, this will include a strength and weakness report by major content areas. For the written examination, a score of 70 is required in order to pass. For the practical examination, an overall score of 75 must be achieved.

Failing Candidates: Failing candidates will receive a strength and weakness report, as well as information on how to retest.
