### **2008 Licensing Renewal Period Extended**

Due to the changes in the law and changes to the Board's computer database, the time for renewal of licenses has been extended to June 1, 2008.

For the 2008-2010 license each licensee must submit the following information:

- a. their renewal form;
- b. date of birth;
- c. copy of your driver's license;
- d. a 2x2 passport-style photograph; and
- e. a check or money order for the \$24 renewal fee, which covers the two-year period.

This information must be received at the Board's office by June 1, 2008.

We appreciate your patience as we move toward a more efficient licensing system.

Director
