

The NASPO ValuePoint Request for Proposal (RFP) for a Medicaid Management Information System (MMIS) - Claims Processing and Management Services Module was released by the State of Montana on October 29, 2019. The RFP number is DPHHS-RFP-2020-025454T and all vendor proposals must be submitted by 2:00 pm, Mountain Time, on January 30, 2020, using the Montana Acquisition & Contracting System (eMACS).

The purpose of this RFP is to solicit competitive proposals from eligible respondents who can provide a Claims Processing and Management Services Module to support the receipt, adjudication and editing, pricing and payment for health care claims as a part of a state's Medicaid Management Information System.

The RFP is available on the Montana Acquisition & Contracting System (eMACS) website at: www.bids.mt.gov. If assistance is needed with eMACS, please visit <http://vendorresources.mt.gov/>, or call the Procurement Officer, Tia Snyder, at (406) 444-3315.

RFP posting information is also available on the NASPO ValuePoint Solicitation Information website at: <https://www.naspovaluepoint.org/solicitation-information/>.
