ADVANCED MANUFACTURING CENTER OF  
EXCELLENCE FACILITY**

## **Request for Qualifications ARCHITECTURAL SERVICES**

### **Advanced Manufacturing Center of Excellence Facility**

North Arkansas College, an Arkansas public two-year college, is inviting architectural service and qualification proposals from interested firms for the development and design of an Advanced Manufacturing facility. It is envisioned that such a facility would house laboratories, shops and classroom spaces for Information Technology, machining, electronics technology, CNC operations, additive manufacturing, robotics, and advanced manufacturing. The initial facility design and positioning should allow for future expansion that potentially could include construction technology, auto mechanics, auto body and diesel engine repair. The facility would be located on the South Campus, at 1515 Pioneer Drive, Harrison, Arkansas 72601.

The service and qualification proposals should be sectioned and labelled to include the following areas:

- A. The firm's general history;
- B. The firm's professional staff and their qualifications;
- C. The firm's engineering capabilities;
- D. The firm's computer technology capabilities;
- E. The firm's current workload and its general workload capacity;
- F. The firm's general experience (clients, project descriptions, project cost estimates/actual project cost, project completion estimates/actual project completion time);
- G. The firm's general experience with state agencies and educational institutions,
- H. The firm's specific experience with previous projects similar to an advanced manufacturing training and educational facility.
- I. The firm's intended project leader/representative (name and complete experience history),
- J. An organizational chart of the design team and all consultants,

- K. A statement of the firm's commitment to project response, site visit availability and frequency and the expected project duration, and
- L. Any additional information preferred by the proposing firm.

**Please submit six (6) complete sets of the above service and qualifications proposal requirements to the below address by 1:00 PM on December 12, 2019.**

U.S. Mail & Physical Delivery Address:

**North Arkansas College  
President's Office  
1515 Pioneer Drive  
Harrison, AR 72601**

A selection committee will review the submitted proposals and may require a formal presentation at a later date.

Any proposal questions may be directed to Don Sugg, VP Finance & Administration, at 870/391-3216 or [dsugg@northark.edu](mailto:dsugg@northark.edu)
